

SIGNET MANAGEMENT PRIVACY POLICY

Signet Management (referred to herein as "Signet Management" "we," "us," or "our" herein) recognizes the importance of protecting the privacy of individual-specific information ("Information") collected about our customers and prospective customers (referred to as "Customers," "you" or "your"). This privacy statement discloses what information we gather, how we use it, and how you can correct or change it. It is our intention to give you as much control over your personal data as possible to preserve your privacy, while still allowing us to utilize that Information in the course of our business to provide you a valuable service and hopefully to have you as a new resident of our facility.

USAGE TRACKING: USE OF IP ADDRESSES

An IP address is a number that is automatically assigned to your computer whenever you're surfing the Internet. Web servers, the main computers that serve up web pages, automatically identify your computer by its IP address. Signet Management collects IP addresses for the purposes of system administration, reporting aggregated information, and to audit the use of our site. When Customers request pages from Signet Management's site, our servers log the Customers' IP addresses. We do not normally link IP addresses to anything personally identifiable, which means that a Customer's session will be logged, but the Customer remains anonymous to us. We can and will use IP addresses to identify a Customer when we feel it is necessary to enforce compliance with our house rules or terms of service or to protect our service, site, customers or others from potential harm.

USE OF "COOKIES"

Cookies are pieces of information that a website transfers to an individual for record-keeping purposes. Cookies make web surfing easier for you by saving your preferences while you are at our site. We never save passwords or credit card information in cookies. The use of cookies is an industry standard, and as such, you'll find them at most major websites. By showing how and when Customers use a site, cookies help us see which areas are popular and which are not. Many improvements and updates to the site are based on such data as total number of visitors and pages viewed. This information is most easily tracked with cookies. We use the information from cookies only to provide services better tailored to our Customers' needs.

Signet Management may also disclose account Information in special cases when we have reason to believe that disclosing this Information is necessary to identify, contact or bring legal action against someone who may be violating Signet Management' Terms of Services or may be causing injury to or interference with (either intentionally or unintentionally) Signet Management's rights or property, other Signet Management Customers, or anyone else that could be harmed by such activities. Signet Management may also disclose or access account Information when we believe, in good faith, that the law requires it and for administrative and
